Subject: Determination of Completeness
Haywood County White Oak MSW Landfill
Haywood County, Permit #44-07, Document ID 16720

Mr. Vail:

The Division of Waste Management, Solid Waste Section (Section) has completed the review of the following application documents submitted in request of a substantial amendment of the Permit to Operate:

1. Permit Amendment Cover Letter (DIN 16552);
2. DOT Traffic Impact Letter (DIN 16553);
3. Revised Facility Plan (DIN 16554);
4. Revised Engineering Plan (DIN 16555);
5. Revised Operations Plan (DIN 16556); and
6. Permit Amendment Drawings (DIN 16557)

The documents were received in the Asheville Regional Office on May 1, 2012.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid, however, all of the components required by 15A NCAC 13B.1617(b) were not submitted so the application is deemed **incomplete**.

In order to continue the application review, the following components, as required by NCAC 13B.1617(b), must be submitted:

1. Construction Quality Assurance Plan
2. Closure and Post-closure Plan
3. Water Quality Monitoring Plan
